

Seasons Greeting From the Lynch Family in Chile

Maturing the Believers:

How do we get believers passionate for God's work? Sometimes it requires us to get back to the basics. Because of this, Chad has been discipling Fernando and his family on the basic concepts of our salvation in Christ. The objective is to mature their Christian walk with interactive teaching with the hope that they will internalize God's truths. We also are trying to teach in an informal setting (around the table in a house) in order to model a new form of discipleship outside of the church building. Chad is constantly encouraging his students, including Fernando, to teach others so they can realize how easy it is to disciple others.

Fernando has been teaching his brother-in-laws wife's family and sharing with others when God allows. Recently, Fernando had an opportunity to share with another brother-in-law and a family friend in Santiago some new understandings of God's Word. The friend became so excited that she wanted to share this good news with her father, who was sick in the hospital. Sadly, he died before she could get there to share the message of Jesus. I am reminded of a quote by Carl F.H. Henry, "Good news is only good news if arrives in time." We pray the Mapuches will be reached with the Good News of Jesus!

The Kids

Marcus (13), Brandon (11) and Anna (9) have been doing well in school this year. They have advanced significantly in their Spanish. The boys continue their love for sports; playing soccer, volleyball, tennis and basketball whenever possible. In history they are studying the Conquistadors and the Inca Empire. It has been interesting studying these topics from the position of those who were conquered. Also, historical names such as Pizarro, Valdivia, O'Higgins have become as familiar as Washington and Jefferson. Anna loves math and hopes to become a math teacher.

Ruthanne is Weaving

Ruthanne has been sharing Bible lessons at a ladies weekly weaving class. She has learned to dye wool, spin wool into yarn and weave. One lady has recently accepted Christ! It has been exciting learning & building relationships with these ladies. Ruthanne has also been teaching Sunday school and has been invited next week to teach Bible lessons in a local public school.

Praise for another year. Health. Safe travel. Relationships. God is faithful!
Pray for the ladies in the weaving class to grow in Christ.
Pray for the discipleship training.
Pray for research and equipping the churches.
Pray for our family, marriage and children, that we would grow together and in Christ.
Pray that we would see the Mapuche nation worshipping God.

Some of the beautiful Mapuche

We want to thank you for your faithful support and prayers. It means so much to us to have people that are willing to walk along this journey with us.
